

IMPORTANT

PRODUCT SAFETY INFORMATION

**Read the instruction manual carefully before using the air management kit (AMK)
Ensure that you understand all the safety precautions and warnings provided in the manual.**

Ensure that the AMK is properly installed and secured to prevent it from coming loose during transit.

Check the mounting brackets and hardware regularly to ensure they are secure.

A minimum of 3 safety straps (one at the front and 2 at the back) must be connected from the spoiler to the mounting base.

Use the AMK only for its intended purpose of reducing wind resistance and improving fuel efficiency.

Do not use it for any other purpose.

Do not modify or alter the AMK in any way.

Only use it as intended by the manufacturer.

Check the AMK fixings and panels regularly to ensure it is not, loose, damaged or cracked.

Replace it immediately if you notice any damage.

If the AMK appears damaged or malfunctioning, do not use it.

Contact the manufacturer immediately for assistance.

**In case of any emergency or injury,
immediately follow any emergency procedures and contact emergency services.**

Following these safety guidelines can help ensure safe and efficient use of this product.

Further information, RMI requests and service procedures can be requested from the manufacturer.
