## DRIVING LIGHT BAR, E-APPROVED LED

(E)

Strands New shorter version of LED driving light bar, in reference number 25, custom made for European standards. Perfect to mount in pair on both trucks and

cars. When mounted in pair they provide a powerful light of 6840 Lumen. The bar is 206mm long, well suited for a slim mounting in front of the car.

Part No. 809111, 270413 (cable kit), 270408 (bracket)
