WHAT IS CabStore ?

Interior Storage Locker

Large Storage Compartments

Increased comfort inside the cab. CabStore's large storage volume provides the driver with the maximum useable space inside their cab.

Beautifully constructed roller shutter doors allow for a neat opening whilst keeping the contents safe and secure.

Quick And Easy Fitment

Mount on factory fitting points. CabStore's installation process is fast and straight forward. By using factory mounting points for efficiency, installation takes just 2 hours!

CabStore is provided with clear mounting instructions and telephone support.

Additional Appliance Storage

CabStore provides the perfect mounting platform for additional in-cab electronics such as Europe's market leading TruckChef 24v Microwave. CabStore is fully compatible with TruckChef, and specifically engineered mountings can be provided.

Texture / Colour Match

OEM Style interior finish. CabStore's design boasts a fit and finish which has been colour and texture matched to the truck's interior.

The locker's sleek lines, easy glide roller shutters and overall fitment create an interior locker system to truly complement the truck.

ADDITIONAL ACCESSORIES

TruckChef 24v Microwave

20 litre, 800 watt, in-cab microwave for cooking on the go. Fits perfectly within your CabStore locker middle compartment or corner locker.

Easy dial based controls to cook all your favourite meals, and a 3 year return to base warranty as standard.

Kuda Interior Lighting Package

Lighting for the inside of your CabStore locker compartments. Illuminate automatically in low lighting conditions when roller shutter is opened.

Add a touch of style and make it easier to see your lockers contents.

LUXMOV HD Smart TV

In-cab television, specifically designed for use in vehicles. 12v/24v with built in surge protection. Built in Bluetooth, WiFi, screen-mirroring, and an extensive App Store.

ECE Reg 10 Approved. Never miss your favourite shows on the road!

Underside Locker LED Strip

Light up your cab with a stylish LED strip on the underside of your CabStore lockers. Perfect for creating a great atmosphere and relaxing in your cab.

Additional in-cab lighting for dark evenings.

Expand your in-cab storage space for better organisation and a tidier truck.

CabStore completely transforms your cab, building upon your existing space and storage, and allowing more room for accessories and essentials.
